C.B.S.E, in partnership with Google for Education organised an online training programme to equip educators all over the country on Integrated Technology. The training empowered us to deliver hybrid learning using tools in the Google Workspace for Education-Google Docs, Slides, Sheets, Jamboard, Google Classroom, YouTube, among others.

The GCE Level 1 Master Teacher Training programme facilitated us to understand the different models of technology integration, develop integrated lesson plans, use technology in the classroom in all curriculum areas and develop higher order thinking skills. This programme comprised of workshops, course material, assignments and assessments. Both of us were provided free vouchers by Mahattattva to appear for the Global Google Certification Exam Level 1 and cleared the same on Saturday, 5<sup>th</sup> Feb 2022.

Workshops and Mock tests were scheduled as per details given below:
