

REPORT – GUEST SPEAKER PROGRAMME

Guest Speaker Programme was organised for the young learners to inspire and guide them in making informed career choices. On January 18, 2025, the programme was hosted by Mr Rohit Kohli, a Product Manager in the agriculture sector, for the students of Class VIII.

Mr Kohli provided valuable insights into the world of agriculture, covering its historical significance, different farming practices including commercial and hobby farming, and the technological advancements transforming the industry. He engaged the students with an interactive session, highlighting the diverse career avenues available within the agricultural field.

The programme was a resounding success, leaving students with a deeper understanding of agriculture and its potential as a rewarding career choice.
