

INTACH ACTIVITY- JULY MIDDLE SCHOOL (2023-24)

On 11th July 2023, the INTACH club of DPS Gurgaon organised an activity, 'Filmotsava – The Art of Movie Making and Designing'.

Students created movies on any one of the themes, **Van Mahotasav/Tigers Day**. They created these movies during the summer holidays, which were then presented on 11th July in the classrooms. Thereafter, they participated in the poster making activity wherein they designed a poster for the movie created by them. Students used different applications in their movie making. The activity helped children to understand the physical and cultural environment in which they live in more interesting ways.

The activity also motivated the students to put on their thinking caps and use their creative skills to come up with different ideas. It helped them in fostering a better understanding of the rich flora and fauna of our country.
