

INTACH ACTIVITY- NOVEMBER MIDDLE SCHOOL

The INTACH School group organised an activity on 18th November 2022, for the students at Middle School to spread awareness on the significance of folk art in the culture of the country. It's not just a representation of artist's expression but also an effective medium to portray the stories, memories, values and beliefs of the people of the nation.

The activity revolved around *Phad* painting, *Aipan* Art and *Bhil* painting. Students created beautiful wall décor out of paper plates. They tried to incorporate the different aspects of art through bright colours and varied patterns.

This enriching and engaging activity allowed the students to showcase their creativity.
