

REPORT- INTACH (OCTOBER)

An activity on the theme ‘My Mythical Creature – Learning more about animals’ was organised by INTACH School group on 14th, 18th & 19th of October 2022 for the students at Middle School to spread awareness regarding the significance of the animal kingdom in different religions, which is evident in the artwork, architecture and culture of the nation.

Students wrote about Indian mythological stories depicting varied animals and birds. They did comprehensive research and presented stories on mythological characters like *Airavata* and *Garuda*.

Taking inspiration from Indian architectural styles, they designed border using the motifs of peacock, parrots and elephants for their class bulletin board.

It was an enriching, fun filled and engaging activity.
