

INTACH- World Heritage Day Activity

On 6th April 2022, the INTACH school group organized an activity for the students of the Middle School, on the occasion of the World Heritage Day. The topic for the activity was – ‘Fascinating Forts of India’. Children made beautiful pencil sketches and paintings of various Forts of India. They also wrote self-composed poems and write-ups highlighting the facts, myths and architectural features of the forts chosen. The activity allowed the students to showcase their creativity. Students learnt a lot about ancient forts of India, which are a testimonial to our rich and varied heritage.
