

Imagica 2023- Primary Wing

Imagica 2023 was dedicated to celebrating the Magical Millets, wherein the students of primary wing adorned Ms. Mandia, the mascot, as a badge while exploring various displays across the wing. Several corners were set up celebrating the versatility of millets.

With the UN designating this year as the International Year of Millets, the event offered an excellent platform to delve into the many aspects of this nutritional powerhouse.

An engaging assembly about the nutri-grain also featured a theme-based dance. Nukkad Natak was a perfect medium to emphasise upon the need to incorporate the mighty millets in our regular food menu.

The farm to plate corner highlighted the journey of millets. The food corner, guided children through a culinary exploration of this grain's delights and urged them to eat local and seasonal food. The lively quiz area reiterated the importance of embracing millets in our meals to support farmers, nurture Mother Earth, and enhance our well-being. Our Director Principal, Ms Aditi Misra applauded the students on the wonderful presentation and encouraged them to add millets to their everyday meals.
