

DELHI PUBLIC SCHOOL, GURGAON (2025-26)

INTACH ACTIVITY

WEAVING TOGETHER: INDIGENOUS CULTURES AND TRADITIONS

Date-02-08-25

DPS Gurgaon organised an enriching art activity for the students of middle school on the theme -Weaving Together: Indigenous Cultures and Traditions on 02-08-25

The objective was to introduce students to the vibrant tribal art forms of India and encourage them to appreciate and recreate their unique aesthetics.

Students were asked to design a coaster inspired by one of the following traditional art styles: Madhubani from Bihar, Kalamkari from Andhra Pradesh, or Gond from Madhya Pradesh.

The activity allowed students to creatively express themselves while learning about the origins, themes, and motifs of these art forms. Coasters adorned with peacocks, trees, deities, animals, and intricate linework reflected the cultural richness and storytelling aspect of each style.

This hands-on experience fostered not only artistic skills but also a sense of pride and awareness about India's indigenous cultural heritage. The activity was a meaningful step towards cultural preservation through art integration in education.
