

## Interact Club Activity

Month- April 2022

**“To serve is beautiful but only if it is done with joy, whole heart and free mind!”**

It was a day of excitement when the interactors of classes X and XII of the morning school spent quality time with the students of Shiksha Kendra. After conducting online activities for the past two years, Wednesday, 27<sup>th</sup> April, saw the first physical interaction between the two schools.

The interactors welcomed the middle school students of Shiksha Kendra by organising a Talent Fiesta. Class 10 interactors created beautiful posters on various ways to welcome the students- high five, fist bump, jump and clap and rock, paper and scissors. The sight was overwhelming when everyone curiously waited for their turn . Thereafter, they showcased their talents through singing, dancing, storytelling, drawing and acting.

While the middle wing was enjoying their ice-breaking activities, the senior wing students were busy penning their thoughts on what they are looking forward to after resuming physical school. As they were apprised before, each student had a cut out of a cloud made on one-sided used paper. The thoughts expressed were- playing with friends, attending offline classes, interacting with teachers in the physical space, and working in the labs, to name a few. These clouds were then displayed on the board.

The resources used for both activities reiterated the concept of 3Rs. The student community as a whole learnt to be grateful for the present times, be empathetic and to possess a positive outlook towards life.
