

REPORT-INTRODUCTION DAY

“All our dreams can come true if we have the courage to pursue them.”- Walt Disney

Members of Interact Club (Class XII) organized an activity for Classes IX to XII of Shiksha Kendra on 18th April '23, wherein they were asked to write about their strengths and weaknesses and introduce themselves to their classmates.

The activity helped them socialize and connect with their peers in the new session by exploring their personalities and discussing their traits. By gathering varied insights, this activity was an interesting way to understand their mindsets and a rewarding experience to watch their confidence and self-esteem grow. Members of the Interact club gave their inputs on how to overcome weaknesses and develop personas by sharing their own experiences.

The students of Shiksha Kendra also enjoyed the experience to the fullest expressing themselves and interacting with their classmates. They were excited to perform the activity which helped them to ideate and inspire their classmates.
