

Report Inter House Sway Competition – Class VII

Sway is an app from Microsoft Office that makes it easy to create and share interactive reports, personal stories, presentations etc. Students of class VII worked on 'Sway' to create beautiful presentations on the topic 'Eco-friendly Diwali' as a part of the Inter House Sway Competition for class VII.

Drishti Agarwal of Jhelum House secured the first position, followed by Shourya Bhushan of Satluj House in the second position. Diya Gupta of Satluj House secured the third position. Children participated, enthusiastically, in the competition and their presentations showcased the story behind the celebration of the festival of lights. They also presented innovative ideas which can be adopted to celebrate an eco-friendly Diwali. The presentations were judged on criteria like originality of content, creativity and use of graphics and multimedia. Children exuberantly explored and learned the new software and made appealing, compact and comprehensive presentations.
