

JAL SANSAD REPORT

The Junior Wing students of Delhi Public School performed a Jal Sansad activity in May 2023 to emphasise the value of water. They were also shown a video on scarcity of fresh water. The students of Junior Wing presented a Nukkad Natak focusing on the importance of water in our lives. The young learners of classes III, IV, and V enthusiastically participated in the group activities and discussions about the value of water. These activities enabled the students to understand that water is not only imperative for survival but also vital for a happy and healthy life.
