

LEAD WORKSHOP

VENUE - DELHI PUBLIC SCHOOL, GURGAON

DATES - 25th, 26th, 27th, 30th & 31st May 2022

A workshop was conducted by Skillsphere Education in Delhi Public School, Gurgaon, for the students of classes IV and V to train young participants and expose them to skill sets in four major focus areas namely, leadership, entrepreneurship, awareness and diplomacy. The workshop was activity oriented with well-structured modules and fun games. Students participated in all the activities with full enthusiasm.

Some of the different modules that formed a part of the LEAD workshop are as follows:-

- **Becoming Friends with Myself-** This activity was conducted on the first day of the programme. Through this activity, the students reflected on their own selves and introduced themselves.
- **The Avengers- Societal Awareness, Leadership & Problem Solving**
This was one of the most interesting activity. The students discussed the major problems of the world. Through a problem solving paradigm, students created 'Avenger Avatars' who would solve the world issues.
- **I Can Work Alone- Team Work and Man Management**
This module was designed to teach the students the importance of team work and coordination. Through various fun games like word game, puzzle solving, making pyramids out of paper cups etc. they learnt about the traits of good team members. They also learnt about the aggressors, the avoiders, bad communicators (traits of incompetent team members).
The students were also provided with 'Reflection Sheets' after the activities and were urged to reflect on the traits that they possess as team members.
- **From Another Planet- Global Awareness and Negotiation**
Through this activity, the students learnt about the different planets and the Solar System. They played the roles of aliens from different planets, trying to save their respective planets from a deadly meteor through negotiations and activities.

On the whole, attending the sessions of the workshop was a wonderful learning experience for the participants. They were trained in public speaking, team work, critical thinking and problem solving.
