

Delhi Public School, Gurgaon

Junior School – Math Day

‘In the game of life, we discover that the athleticism of sports and the logic of mathematics form an unbeatable team.’

The Junior School of Delhi Public School, Gurgaon celebrated Math Day on 19th and 20th of January 2024 with great enthusiasm. It was conducted with an aim to educate the young minds about the significance of Mathematics in our everyday lives and to create an interest in Mathematics amongst them. The students participated in all the activities exuberantly and enjoyed thoroughly.

The Students of Class III recapitulated the concept of ‘Fractions’ in a fun way by making a colourful scenery through paper folding activity. The students of classes IV and V enjoyed the concepts of Math through various activities such as Hoopla twirls, Balancing pose-Vrikshasana and Dribbling. Measurements, angles, shapes, and numerical calculations were evident in each activity, showcasing how mathematical principles are ingrained in various aspects of our lives. The classic game of Tambola with a mathematical twist was followed by a round of quiz. They also watched some videos and learnt interesting facts about the subject.

The activities empowered the young mathematicians to learn new skills. The idea behind the celebration was to give an opportunity to the students to enhance and showcase their talents. It was a fun-filled and joyful day of learning for the students who exhibited unparalleled excitement and actively participated in all activities. Mathematics Day proved to be a holistic celebration, intertwining the joy of mathematics with emphasis on health and fitness.
