

Report-Indiation and Enlighten MUN Level 1 Program (Middle School)

Indiation and Enlighten MUN Level 1 programme was conducted for the students of classes VI and VII, from 26th May to 1st June 2022, in Delhi Public School, Gurgaon. These sessions were conducted by SkillSphere Education, a pan India educational enterprise that conducts various skillset development programmes to help students hone their communication and soft skills, leadership qualities and general awareness among others.

Students were acquainted with a range of facets related to India through various interactive and activity based sessions, like ‘The I in India and India Shining’, ‘Amazing Indian Race’ and ‘Utopian Parliament’.

This MUN programme trained the students in the art of introduction, opinion development and collaborative problem solving as well as gave them practice for participation in Model UN conferences worldwide through a full-fledged MUN simulation after learning the MUN procedure.

Students took part in an engaging MUN session as delegates of different countries, debating issues of international importance, as representatives of various nations. They proposed solutions and negotiated with their fellow delegates on pertinent issues being experienced around the world.

The programme was a huge success. The participants left with a hope to experience and learn through such MUNs in the future too.
