

'Melting Pot CUET'- Counselling Session

A counselling session aimed at resolving queries and demystifying the recently introduced Common University Entrance Test (CUET) was organised by the Panipat Institute of Engineering & Technology in association with Times of India at Nidhivan, Panipat recently. Experts from several top institutions including senior educators, Professors, students and parents gathered under one roof to deliberate and help students to navigate through the newly introduced examination pattern.

Ms. Aditi Misra, Director Principal DPS Gurgaon; Director- DPS International, DPS Jaipur, Dharav High School Jaipur & Vice Chairperson NPSC, said, "I think these kind of events are very important because it helps students and parents to come forward with their questions and their queries." She added that CUET was set up a year ago to give every student across the country a chance to do their papers in such a way that they would have choices to appear for the subjects of their interest. She felt that in that sense, it had done a great job last year.

Other distinguished speakers at the session were Rakesh Tayal, Vice Chairman, Panipat Institute of Engineering and Technology; Nidhi, Associate Professor Ramjas College & a Career Expert; Rajesh Mishra, an Independent Motivator and Career Counsellor & Former Chief Counsellor IMS Learning Resources Pvt Ltd. and Arindam Bhattacharya, a Career Expert & Motivational Speaker. The fruitful session was appreciated by all the participants.

Arindam Bhattacharya, a renowned Career Expert and Motivational Speaker said, "In my view, the crux of CUET is your respective board examination's syllabus. If you do well in your board exams, you will perform well in CUET as well."

"I think these kind of events are very important because they help students and parents to come forward with their questions and queries." - **Aditi, Misra, Director, Principal, DPS Gurugram & Vice Chairperson, NPSC.**

"It is imperative for students to choose courses that helps them become analytical and logical. This does not at all mean that the field of humanities offers less. In the times to come, one of the challenges posed will be to keep our mind at peace." - **Rakesh Tayal, Vice Chairman, Panipat Institute of Engineering and Technology.**

"To overcome the challenge of high-ranging-cut-offs faced by different varsities, the CUET examination was setup." - **Nidhi, Associate Professor, Ramjas College, New Delhi.**
