Report – Bagless Day

“Sustainable Development is the peace policy of the future.”

To create awareness about environmental issues among the students and to teach them how to utilize their time constructively, Delhi Public School, Gurgaon organized the first ‘Bagless Day’ of the session 2023-24 on Saturday, 29th April 2023 for the Middle School. Students participated in various activities on the theme ‘Invest in our Planet’ and demonstrated a strong understanding of the importance of following eco-friendly practices. They were encouraged to work together to promote collaborative learning and problem-solving skills to protect the environment.

They created attractive and intricate mandala art pieces by showcasing their mental clarity and focus. It was a fun and engaging way to explore math concepts like symmetry, geometry, fractions, ratios, and patterns. To hone their language skills, students enthusiastically participated in Hindi poem activity and wrote impressive poems. It reflected their concern for the environment and their commitment to protecting it.

Students explored their creativity by designing freebies on the importance of recycling and reducing waste. They created aesthetically pleasing and useful freebies to promote environmental awareness. Thereafter, students participated in poster making activity to promote water conservation and the use of grey water. The posters were extremely informative, creative, and impactful.

The activity on ‘Earth - Lift the Flap’ helped the students appreciate the wonderful things about our planet Earth and inspire them to think about ways to preserve its natural resources. Children enjoyed being scuba divers and appreciated the underwater life by drawing and painting deep-sea creatures. Students were motivated to use their imagination and artistic style to come up with unique and interesting designs.

The activities conducted during the ‘Bagless Day’ instilled a sense of responsibility towards the environment in the students. It helped them develop their creativity, critical thinking skills, and their sense of empathy towards the planet and its inhabitants. Students worked collaboratively and shared their ideas and opinions, and developed a sense of ownership and responsibility for the success of the activities.
