

NAJAFGARH ECO ADVENTURE CAMP - CLASS X

An Eco-Adventure Camp in Najafgarh was organised for the students of Class X on 22nd November 2023. The trip unfolded into a day of thrilling activities, team building, and joyous camaraderie, creating lasting memories for the 97 students who set out for an exciting adventure.

From the get-go, every moment was packed with excitement. The students were divided into smaller groups with experienced guides. They participated in a series of thrilling activities like wall climbing, commando net, balance beam, and zorbing ball. Village-themed adventures like bullock cart rides, and horse and camel rides added a unique touch to the experience.

Following the day's adventures, a magical touch was added with an enchanting magic show. The day then continued with a lively DJ session, making it a day of sheer fun. As the day concluded, an exhilarating DJ session lit up the camp, allowing students to unwind and dance to Bollywood beats. By enthusiastically participating in these activities, the students not only enjoyed physical recreation but also learned valuable lessons in cooperation and teamwork.

Adding a special touch to their experience by bonding with fellow students, facing challenges together, and celebrating our triumphs created a sense of togetherness. It was indeed a rejuvenating experience that helped students escape from the mundane.
