

Nursery-Earth Day Assembly

"Captain Uddy Muddy-little movers and strikers"

The students of class Nursery organized a vibrant and meaningful assembly- Captain Uddy Muddy- little movers and strikers to mark Earth Day. During the assembly, the children shared simple yet powerful messages on how to care for the planet. They spoke about the importance of saving water, helping animals in need, and the beautiful idea of gifting plants on birthdays. These thoughtful ideas were followed by a fun round of Earth-themed riddles, which kept the audience engaged and smiling.

As a special takeaway, each child planted seeds in a recycled cup, reinforcing the idea of sustainability and care for nature. The activity brought smiles to their faces and a sense of responsibility to their hearts. It was a joyful, educational, and inspiring celebration of Environment Day.
