

CLASS III- ORIENTATION PROGRAMME REPORT

“Parents and teachers together are the architects of a child’s dream.”

An effective communication between the teachers and parents plays a pivotal role in the holistic development of the child. An Orientation Programme was conducted on Saturday, 1st March, 2025 in Sector 47 building to welcome the parents of class III to the new academic session 2025-26. This event aimed to foster collaboration between teachers and parents, ensuring a supportive environment for the students.

During the programme, parents interacted with their child's new class teacher, who shared insights into teaching methodologies and assessment patterns. The parents were familiarized with the rules and regulations of the Junior School. The objective of this programme was to ensure a smooth transition of the students from the Primary School to the Junior School.

The programme was successful to develop a strong partnership between parents and teachers, enabling them to work together towards the student’s growth and development. The event proved to be an interactive and insightful one as both parents and teachers looked forward to an enriching new session.
