

REPORT – Peer Education Session

Topic: Discipline

‘Discipline is the bridge between Goals and Accomplishments’

The peer educators of class IX conducted an informative, interactive and fun filled session in classes IV and V, on the topic: ‘Discipline’ on 4th and 11th of November’22 respectively.

During the session, the peer educators emphasized the benefits of discipline. They started the session with an activity, wherein they showed how discipline, knowledge and attitude not only amount to the magical number 100 numerically but leads to 100% success in life. The importance of discipline in three areas was reiterated – discipline towards self, school, and environment. The concept of reduce, reuse and recycle was reinforced. The message that a responsible person is a disciplined person was highlighted and also the consequences of indiscipline were discussed and explained through interesting discussion and activities. The captivating session was thoroughly enjoyed by the junior school children and wonderfully conducted by the peer educators.
