

Prep- Peace Whispers

Harmony begets happiness and peace.

The students of Prep presented a special event, Peace Whispers, with the aim to instill an appreciation for peace and the diversity in our world. The event commenced with the raising of Peace flags.

Thereafter, the students took a pledge for peace.

The little ones welcomed everyone by greeting them in various languages of the world and enchanted them by singing melodious peace-themed songs.

Ma'am, in her address, emphasised the importance of nurturing peace in our little ones right from this age, as the children embody the future of our nation and are global citizens. She stressed the need to instill in our children an appreciation for the various cultures and diversity across the world.

All the classrooms and corridor were adorned with artefacts, costumes, cuisine platters, special monuments, artwork and crafts of various countries. Students presented a special dance and spoke confidently, sharing important facts about the country they represented in the classroom.

A special takeaway featuring art from the represented country created a beautiful memento of the event.

Peace Whispers was a perfect canvas for the students to create a harmonious portrait where peace unites us all.
