

## Report – Poetry Enactment

“Poetry is the spontaneous overflow of powerful feelings: it takes its origin from emotion recollected in tranquility.”  
~William Wordsworth

Poetry Enactment Activity for classes VI, VII and VIII was organised in the month of August, 2023. Poetry is a powerful teaching tool, which helps the students to improve their literary skills. It is a known fact that dramatising poetry has tremendous appeal for children and it is the best way of developing their appreciation for the beauty of language and enhancing their power of imagination. The activity encouraged students to study poetic themes and unlock the meaning of poems in various ways. Children recited and enacted poems in groups, with expressions, voice modulation and intonation.
