

## REPORT - CLASS VI ASSEMBLY

### DIWALI: CELEBRATION OF GOOD OVER EVIL

**"No matter how dark the night may seem, it will always be illuminated by the light of kindness, love, and compassion."**

Diwali, the festival of lights, symbolises the victory of light over darkness, commemorating the triumph of Lord Rama's return to Ayodhya, marking the eternal triumph of knowledge over ignorance, good over evil, and hope over despair. On Monday, October 28, 2024, the students of Class VI K presented an assembly on Diwali: Celebration of Good over Evil.

The assembly began with a prayer by the Headmistress, Ms. Shaifali Bhatt, eliciting the feelings of hope, love, and compassion. The highlight of the assembly was a skit on the importance of spreading kindness and love during Diwali, and how it can lead to a brighter and more compassionate world. The students also emphasised the significance of celebrating an eco-friendly diwali, urging everyone to say no to crackers and yes to a pollution free festival. This was followed by a heartfelt poem on the topic – “Spreading Light, Spreading Love” with a key message of how light stands firm and refuses to give up even in the face of overwhelming darkness.

Diwali's resplendent glow reminds us that light always prevails over darkness, illuminating the power of kindness, love, and compassion to transform our lives. The assembly concluded on a motivational note, emphasising the importance of surrounding ourselves with positivity and support, just as the festival of Diwali reminds us to embrace light over darkness, good over evil, and knowledge over ignorance.
