CLASS VIII – THE WORLD SCHOLAR’S CUP

The WSC Outreach Manager, Ms. Simran Singh who is also an alumnus of DPS Gurgaon conducted an orientation program about the World Scholar's Cup on 6th July 2023 for the students of class VIII.

The World Scholar’s Cup is an international team academic program with more than 15,000 students participating from over 65 countries every year. It consists of various rounds of events like debate, collaborative writing, scholar’s challenge, scholar’s bowl and scholar’s show.

Students participate in different rounds alongside different people from various countries and they gain an enriching experience. The program provides a global platform for students to hone their different skills and foster their talent and ingenuity. The session inspired students to build their confidence to try new skills, from debate to problem solving.

The session also helped students to comprehend how to explore connected topics in history, literature, science, and arts and how to apply the learning both collaboratively and competitively in a safe and supportive setting.

The theme for the upcoming round is ‘Reconstructing the Past’ based on which the teams will explore and debate a current global topic, exploring subjects that range from Science to Literature to Social Studies—and more. The goal is to inspire young people of all backgrounds to discover new strengths and skills.
