

REPORT - CLASS X ASSEMBLY
"Sustainable Population Growth"
14.07.2023

A class assembly on sustainable population growth was conducted by senior school students. The assembly began with a serene morning prayer, setting a harmonious tone for the discussion. The students explained the impact and therefore the reasons to promote sustainable population as an individual.

Through thought-provoking quotes and messages, the need to take up this global issue was pointed out and its impact on our lives were apprised. The students highlighted the role played by sustaining population growth on the well-being of everyone.

The students concluded the assembly by taking a heartfelt pledge to contribute to a more viable future by making conscious choices and advocating for change.

"Cultivating a mindset of sustainable population growth is an investment in our shared future. Let us choose to balance our needs with the capacity of our planet, ensuring prosperity for generations to come."
