

REPORT ON BAGLESS DAY

“Quality in education is what makes learning a pleasure and a joy.”

Bagless day in school not only provides a platform to encourage students to participate in extra-curricular activities but also is an attempt to provide a different module of learning for better performance. A bagless day was organised for Classes IV and V on 11th February 2023 to retain the freshness in learning. The fun-filled and engaging activities focused on developing creative, speaking, listening and fine motor skills of the students.

The day began with the ‘Pebble/Twig Activity’. The students enjoyed colouring their pebble/twig and painting beautiful design on the same. The activity was helpful in unleashing the inner artists in the students as they turned the ordinary pebbles/twigs into fine works of art. This was followed by a thrilling music and dance session as music accompanied with dance is said to develop higher thinking and social skills. The delighted students capered and pranced enthusiastically on the melodious foot tappers and sang their heart out.

To hone the interpersonal skills of our students, various speaking activities were organised on this day. ‘JAM- Just a Minute’ activity was conducted for the students of Class IV. They were called upon to share their experience and express their thoughts on the ‘Pebble/Twig Activity’. Debates also play a pivotal role in the developing critical thinking skills and help one excel in communication skills. Keeping this in mind, a Debate Activity was also conducted for the students of Class V. The students presented their views on topics like- ‘Digital Technology makes life better’, ‘Pocket money should be given to students’ and ‘Children make a big difference to the environment’. Last but not the least, a bagful of sport activities was the icing on the cake for the young enthusiasts on this bagless day. They enjoyed themselves immensely and returned home with numerous memories of the day.
