

## REPORT ON RAKSHA BANDHAN ASSEMBLY

**‘True brotherhood is like a sheltering tree, offering shade and protection in life's storms.’**

Since time immemorial, the festival of Rakhi has always been holding a significance that transcends conventional relationships. It symbolizes the sacred bond of love and the thread of brotherhood that weaves its way through the fabric of our lives.

The Raksha Bandhan assembly was conducted by the students of Satluj House on August 23, 2023. The students presented a skit that highlighted the significance of Rakhi through a historical anecdote, emphasizing the importance of brotherhood and empathy. The skit was followed by a foot-tapping dance which was enjoyed by everyone.

The Rakhi-making activity done in classes III, IV, and V also captured the essence of this festival. The students prepared eco-friendly rakhis for the soldiers, promoting the spirit of brotherhood in every relationship.

Our Headmistress (Junior wing), Ms. Laveena Hemrajani, enlightened the students about the significance of extending the bond to include our relationship with Planet Earth. She urged everyone to acknowledge that we have been enjoying the numerous benefits provided by our planet, but we have not given back enough in return. The children promised to tie rakhi to the tree as a symbol of the promise to save Mother Earth.
