

TRIP TO CHAIL

‘Education is to learning as travelling is to adventure’

Delhi Public School, Sec-45, Gurgaon had organized a three-day adventure camp at Chail, Himachal Pradesh, for the students of class X from May 26th 2022 to May 28th 2022. The journey was scenic and extremely beautiful. Post checking-in, the kids enjoyed evening snacks and left for a short trek.

The students were divided into various groups for adventure activities like wall climbing, Burma bridge, valley crossing, commando net etc. Survival training program and night trek was a thrilling experience. With their torches on, children followed the instructions of the trek-leader. Except for a few stretches, the trail was a fairly simple one, on a well-trodden route.

The students danced their hearts out at the music played by the DJ at night. The students were lucky enough to meet the well know Punjabi singer, Kulvinder Billa, and have a few snaps clicked with him. Students danced to his live music, making the event memorable for them. Overall, it was an engaging and fun-filled trip which connected kids to the beauty of nature.
