

REPORT-INTER-HOUSE MATH QUIZ CLASS VIII

*‘Mathematics is an expression, a desire for aesthetic perfection,
It’s logical and analytical and is incomplete without construction and imagination.’*

Math enthusiasts of class VIII tried their hands on their mathematical skills through Inter-House Math Quiz on 25th August 2022 organized by Delhi Public School, Gurgaon.

In the beginning of the event, a video was shown to the students which gave them a glimpse of the Mathematical activities held throughout the year. The Quiz Masters explained the rules of the quiz. It was conducted in five rounds- Mental Ability, Visual, Problem Solving, Spot the Error and Rapid Fire which tested the thinking and application skills of the contestants. These rounds were conducted by Ashwin Pramod and Aditi Agarwal, Pi Squad Members from class XI and the math teachers. Rapid Fire round filled the audience with thrill and enthusiasm.

Students exhibited tremendous potential by their active participation reflecting their eagerness. Jhelum House was declared the winner. This enjoyable and brainstorming session enhanced the passion of students for Math.
