

IC3 Conference Report

Date: 23rd and 24th August 2023

Venue: Hyderabad International Convention Centre, Novotel

Attended by: Ms Aditi Misra and Ms Anamika Sethi

The two day conference included various sessions which focused on collaborative dialogue on career guidance practices for students and equipping counsellors with tools to effectively support students in their career exploration and decision making process. Ms. Aditi Misra was part of the Presidential Forum which brought together senior stalwart educators of high schools, global university leaders and government and industry leaders. The conference featured breakout sessions and networking opportunities for school leaders, counsellors and university representatives to connect, learn, and collaborate. Few panel discussions also revolved around the significance of the required link between higher education and the industry and encourage students to explore emerging career paths. The University Exhibits and School Exhibits fair allowed targeted communication and information sharing. Networking is an important aspect of such fairs.

The conference facilitated global interaction among school counsellors and universities in support of students transitioning to higher education while promoting professional standards that fosters ethical and social responsibility. The conference aimed at members' meaningful engagement to strengthen specific knowledge sets and professional relationships.
