

REPORT: UTOPIA MODEL UNITED NATIONS 2024

“We are in this together, and we will get through this together.” - Antonio Guterres

As the world today faces severe conflicts, acute economic crises and neglect of human rights, the ideal of a utopia seems farther than before. It is in these times that the Utopia Model United Nations holds especially great significance. With a guiding vision of global peace, the conference brings together students to deliberate, negotiate and solve these challenges. By fostering general awareness as well as harbouring essential diplomacy skills, it equips the youth to become leaders of tomorrow- in the hope that one day this utopia will be made real.

Delhi Public School, Sec-45 organised the 16th edition of its annual intra-school Utopia MUN on 26th and 27th July. Director Principal, Ms. Aditi Misra commenced the conference by welcoming the alumni and encouraging the delegates. She reminded them of the importance of fairness and urged students to discuss the vital issue of gender bias in their respective committees.

The spirited conference consisted of seven committees- UNGA, UNHRC, UNSC, CCC, EU, IAEA and Lok Sabha. Each of the committees deliberated upon the pressing national and global issues persisting in the world today, as well as conflicts of the past. In these two days filled with vigour, the delegates learnt a plethora of skills including diplomacy, negotiation, critical thinking and public speaking.

The conference was brought to a close by Dean Student Welfare, Ms. Sapna Dhawan while congratulating the winning delegates she also reminded the participants of the important learnings from the enriching event.

It could not have been possible without the staunch hard work of the delegates, the heartfelt commitment of our executive board and the passionate efforts of the organising committee members. This incredible conference was a success and surely, a feather in our caps!
