

REPORT  
GUEST SPEAKER PROGRAMME  
CYBER SECURITY

**“For every lock there is someone out there trying to pick in or break in.”**

**DAVID BERNSTEIN**

Today, in the digital world, the children are connected to the internet. The concerns of cyber security are pertinent for protection of their privacy and their internet devices. With this motive, Delhi Public School, Sector 45, Gurgaon, hosted a guest speaker programme to create awareness among the students.

Ms. Shalini Arora, Headmistress gave a brief introduction of Mr. Rohan Wadhwa. He is a Senior manager at Orange Business Services. He initiated the talk by highlighting the financial and reputational ramifications of the data breach in the cyber world. He apprised the students about the privacy policy for various applications that are freely available on the internet.

Mr Rohan Wadhwa sensitized the students about NETTIQUETTES- the network etiquette, the pros and cons of online communication and the informal “rules of the road” of cyberspace. The students of grade VII were also briefed on cyber-attacks and corresponding security mechanisms along with necessary application software with real time case studies.

Further, in the session important guidelines were discussed for data privacy, security in mobiles along with necessary precautions to be taken to safeguard against cyber-crimes. The programme also gave students a deeper insight into the various professional opportunities available to students which they may pursue in their future.

The programme culminated with a vote of thanks proposed by the Headmistress, Ms. Shalini Arora.
