

Report on Cyber Safety session (Middle School)

A special session on Cyber Safety was conducted on 28th April ,2023 in the Middle wing (Classes VI- VIII). A presentation was shown to the students explaining the importance of cyber safety. The students were informed and apprised about the do's and don'ts in the cyber world. In-depth information was shared with the students on the problems associated with being on Social Networking sites.

The session was extremely engaging where the children asked questions and gained clarity on their queries. It helped in guiding them about having a clean digital footprint and using internet responsibly.

The session culminated by reinforcing the school rules whereby the students are not allowed to be on any social media platforms like Facebook, Instagram, Discord etc. Contact details of School Cyber Congress teacher in-charges were shared and students were asked to contact them in case of any query.

CYBER SAFETY
INTRODUCTION

The Internet is without a doubt one of the best resources available to us. Everyone should know how to be safe when surfing the web. Since the majority of internet scam and virus victims are students and young people, we need to learn to be safe in this digital world and do not come in trap of any such troubles.
