

Report on Language Day Assembly

'The limits of my language means the limits of my world.'

Communication is a vital part of our daily lives and language is the tool that helps in enhancing effective communication. Language also enriches our life by offering us the deeper understanding of the culture. There are many languages in the world and each language has its own history.

Language Day was celebrated in the Junior School on 16th February 2023. To celebrate this day, a special assembly was presented by the students of classes IV and V. The assembly started with a recital of Sanskrit 'shlokas' followed by a presentation of news in French. A skit on anti-bullying was performed by the students learning German. The assembly ended with a foot tapping dance performance on a Spanish song.

As part of Language Day celebration, students enjoyed group activities in their classrooms. Students of Class IV made a board game of 'Snakes and Ladders' by writing numbers in their respective third language. The students of Class V decorated the petals of flowers by writing words pertaining to the theme chosen by them.

Students of Classes IV and V enthusiastically participated in all the activities.
