

### Singapore Novel Based Orientation

With an aim to enhance creative thinking, an enlightening session for the students of class VIII was organised on 13<sup>th</sup> April 2023 by a Singapore based company named Auteur Global . The resource person, Ms. Rinjhim and Mr.Anupam provided an insight into the world of nonfictional graphic novels .

The resource person apprised the students about how the world of literature has undergone a remarkable transformation over the years; from traditional printed books to digital books. The credit undoubtedly goes to the advancement of technology. They have been working on a world class App 'The Doodle', which the young generation would both resonate with and find easily navigable. A quiz organized for the students was thoroughly enjoyed by them.

It was an interactive session which kept the students engaged .
