

STATES DAY – CLASS III

‘Our unity is our strength and diversity our power.’

The students of Class III celebrated their cultural bonanza, ‘My Colourful India’ with great zest and elation on 30th October 2023. The students' spectacular performance offered a vibrant kaleidoscope, allowing the audience to glimpse the rich cultural heritage of different Indian states.

Invitation cards for the programme were designed using ‘Muggulu Art’. This helped them to reinforce the concept of multiplication using arrays as a tool. The students enhanced their writing skills by drafting the invitation card for their parents. Draped in traditional attire, students joyfully performed and celebrated the cultural tapestry of India. Commencing with a brief introduction to India, the show unfolded with a captivating dance performance that beautifully showcased the nation's rich and diverse culture and traditions. The young performers embraced the vibrant essence of their motherland and enthralled the audience with intriguing insights into India's various geographical zones, presented through an engaging PowerPoint presentation. The decoration with flowers of different hues and vibrant rangolis accentuated the spirit of festivity. The elaborate zonal tableaux displayed artifacts and handicrafts of various regions celebrating the spirit of Ek Bharat Shrestha Bharat.

The highlight of the event was a melodious rendition of 'Mile Sur Mera Tumhara' by the children, which deeply resonated with the audience. The performance conveyed the message that India's true strength lies in its cultural diversity. A special tableau was made to display the Geographical Indication tags, symbolizing the uniqueness of different regions of India. The parents and the children got a taste of Indian cuisine, aptly called the ‘Taste of India’, in packets creatively illustrated by the children. Parents were enthralled to receive a gift, ‘Jharokha’, a paper photo frame beautifully decorated by their wards.

The States Day celebration was a resounding success, appreciated by all for its lively presentations. The unity portrayed in the performance left a lasting impact, emphasizing that regardless of geographical, racial, or linguistic differences, we are all part of one global family.
