

Team Shiksha Kendra Report – Earth Day

“The Earth is what we all have in common.” —Wendell Berry

Team Shiksha Kendra (Class XII) organised Earth Day activity for the students of Class V of Shiksha Kendra on 28th April 2023. Students made posters and drew beautiful pictures of mother earth on which inspiring messages were written for the conservation of the earth.

TSK members emphasized on the importance of a healthy planet and demonstrated how one can help in conserving it. They also apprised the students of Shiksha Kendra about implementing sustainable ways in their day to day lives. A brief talk giving them insight into SDG 13 (Climate Action) was also organized. It was delightful to witness the students delivering such thoughtful messages on reducing pollution, improving air quality and protecting our flora and fauna through posters, drawings and slogans.

They were motivated to save, love, and respect nature with all their hearts and soul. Everyone pledged to make a conscious effort towards saving the environment.
