

## THE INTER HOUSE POSTER MAKING COMPETITION

The *Inter House Poster Making Competition*, held on 24th April 2025 brought together the vibrant creativity of students from Classes IX to XI. Hosted in the *Art Room*, the event was a powerful blend of imagination and social consciousness, offering a platform for young artists to visually express impactful themes.

Six participants from each house—two students per class—competed with enthusiasm and flair. The competition revolved around two thought-provoking topics: '*Preserving Our Past, Shaping Our Future: Celebrating World Heritage*' and '*Empowered Villages, Stronger Nation: The Spirit of Panchayati Raj*'. These broad themes encouraged students to explore subtopics such as sustainable tourism, cultural preservation, women's empowerment and rural leadership.

Posters were crafted on *A3 sheets*, showcasing a variety of mediums from pencil sketches to vibrant mixed media. Students demonstrated remarkable originality and used powerful slogans and illustrations to convey compelling messages, emphasising the importance of heritage, unity and inclusive governance. The event empowered students to think critically and communicate visually. The competition was a celebration highlighting that *art can inspire change and connect hearts across boundaries*.
