

**Exploring Pathways: DPS Gurgaon invites Universities
to facilitate students in navigating their Higher Education journey**

As part of our ongoing endeavour to facilitate students in navigating their higher education journey and looking for best-fit universities, the school invited the following universities recently:

12th April'23 -University of Southern California

13th April'23-Consortium of US Universities: Penn State University, Michigan State University, Rutgers University, Missouri University, Ohio State University and University of Wisconsin- Madison

17th April'23-HongKong University of Science and Technology

The objective of these sessions was to provide a platform to the students of classes XI and XII to get first-hand information directly from the resource persons who are involved in reviewing applications at their universities. The sessions were informative and interactive with the representative of each university providing in-depth insight into their respective institutions. They shared information on their academic programmes with wide choices of majors, admission requirements, scholarships, financial aid, campus activities and student life. The representatives answered various queries by the students related to the application deadlines, documentation requirements, standardized tests, English proficiency test requirements and more.

Through such sessions, students gain a deeper understanding on relevant factors to consider while shortlisting their universities. Such sessions also encourage students to explore various opportunities and motivate them to start planning their college applications well in time.
