

WORKSHOP FOR MIDDLE SCHOOL STUDENTS

Students of classes VI-VIII enthusiastically participated in workshops organized for them on 9th and 10th March 2023 at the school. The workshops offered a wide range of activities, which were organized under the following categories:

Culinary Arts:

- (i) Chef's Delight - The learners were taught how to create beautiful and mouth-watering dishes such as Swiss Roll and Sushi, step by step with the guidance of an expert.

Performing Arts:

- (i) Rap-a-Beat - This session focused on creative song writing, rapping, and singing. Learners had the opportunity to write and record their own lyrics and make music. As an extension of their learning in school, they were given the task of creating their own song at home.
- (ii) Theatre - Learners were delighted to learn the fundamentals of body language, voice modulation, facial expressions, stage decorum, and coping with stage fright. They watched videos and enjoyed the session.

Visual Arts:

- (i) Pen and Ink Art - Learners mastered the technique of designing their favourite animated characters with pen and ink.
- (ii) Water colour Technique - Children learned the fundamental techniques to sketch still life objects and colour them. They did an exceptional job on the task given to them as homework.
- (iii) Clay Sculpture Pottery - Students learned how to create small sculptures in clay. They enjoyed the process of clay modelling, which proved to be great therapy for their hands.

Sports Activities - The children participated in various games such as football, basketball, chess, and table tennis. The learners participated with zeal and enthusiasm and displayed true sportsmanship spirit.
