

Enhancing Assessment Tools for Academic Excellence

A workshop was organised by Delhi Public School, Sector 45, Gurgaon for the mathematics and science teachers of the middle school. The session offered valuable insights into the implementation of assessment tools to enhance pedagogy.

It focused on customized strategies in order to empower students and support the SDGs. Exploring LXP- Lesson Xperiential Plan and it's successful implementation in classrooms was also discussed. The session aimed to foster a deep understanding of the concepts of mathematics and science, equipping students with appropriate skills to enhance their performance.

It concluded with the exploration of an app for teachers which follows NEP-aligned teaching practices and monitors each student's performance using data driven analytics. The workshop was an interesting and enriching experience.
