

REPORT

CLASS ASSEMBLY

Morning assemblies undoubtedly hold the numero uno position out of all the routine activities in a school. They provide a platform where children learn valuable lessons, gain confidence through public speaking and nurture a feeling of team spirit in their nascent minds.

Keeping up with the same, the students of class X presented the assembly on the topic **'ETHICS AND ETIQUETTES'** on 19th April 2023.

The assembly commenced with a morning prayer to provide peace and serenity to the mind and soul. It was followed by the thought for the day, news headlines and weather report. A short session on PRANAYAMA was also conducted. The students presented their thoughts through a small skit highlighting the significance of upholding high ethical standards and etiquettes in all areas of our lives. The assembly focused on being honest, fair, treating others with respect and kindness and being accountable for our actions.
