

## Class I - Kinder Café (Mini P.T.M)

The students of class I presented Kinder Café (Mini PTM) as a part of the Math Week celebration. This activity encouraged children to develop life skills, and taught them the value of saving money at the same time. The Kinder Café provided students with wonderful hands-on math learning experience. The young learners enthusiastically performed a delightful song and dance, took orders, and served their parents in the pretend play café. Through this activity, they developed essential life skills such as communication, teamwork, and basic money management. Parents enjoyed reliving their childhood moments and left with a deep sense of pride and appreciation for the thoughtful and engaging event.
