

Imagica 2024-Infant and Primary Wing

The Infant and Primary Wing students at DPS Sector-45, Gurgaon celebrated Science Week with the theme 'Imagica - Be Paw-Friendly.' They enthusiastically participated in a variety of activities aimed at learning about extinct, vulnerable, and endangered animals. The Infant and Nursery students engaged in several theme-based activities like Paw Patrol, Dino Dig, Care and Compassion, read-alouds, and role play.

The sandpits in the Primary Wing were transformed to highlight endangered and extinct animals and their diverse habitats. Additionally, the Prep students had an enjoyable time during the Dino Hunt, where they discovered fossils in the sand.

Interactive videos and presentations were used to raise awareness among students about vulnerable species and ways we can contribute to their well-being.

The senior school students conducted captivating experiments, which were met with great enthusiasm. Special assemblies saw students speak about our responsibility towards animals, followed by a poignant song and dance performance of 'Heal the World.' The Vice Principal Ms Santvna Thadani, expressed her appreciation for the children and encouraged them to be Paw-Friendly, emphasising the importance of caring for animals for a brighter future for our planet.
