

National Technology Day
'School to Startups- Igniting Young Minds'
DATE: -11/05/23

The ATL team of Delhi Public School, Sector 45, Gurgaon comprising of 20 students along with their teachers was privileged to attend a webcast addressed by our honourable Prime Minister Mr. Narendra Modi on 11th May 2023. The webcast managed by the Prime Minister's Office (PMO) and AIM, NITI Aayog was broadcast from Pragati Maidan. Addressing young innovators of Atal Tinkering Labs across the country, Mr. Modi discussed how India has emerged as a leading nation in the field of innovation, technology and digitization. He emphasized that today India's big strengths are passion, energy and capabilities of the children and youth. He reiterated the need to make the nation Aatmanirbhar/self reliant.

The gathering was also addressed by Dr. Jitendra Singh (Minister of State for Science and Technology) and Mr. Rajnath Singh (Defence Minister of India). They urged for the optimum use of country's powerful human resource to make India strong, prosperous and self-reliant and stressed on sovereignty, integrity and unity.

11th May was declared as National Technology Day by the Govt. Of India in 1999. The theme for this year is 'School to Startups- Igniting Young Minds'.

The primary objective of National Technology Day is to promote scientific temper and inspire the young generation to pursue careers in science, technology, engineering and mathematics (STEM) fields.

Overall it was a highly motivating and inspiring session for the enthusiastic ATL team.
