SKILLD Teacher Training - Class XI

A tGELF SKILLD Teacher Training online session was held for the teachers of class XI on 7th April 2022. The organizing leaders of tGELF were Ms. Dinu Raheja, Ms. Shuchi Sharma, and Mr. Rahul Augustine. An interactive session began with each individual's perception of a true leader. Qualities of a good leader, the difference between a leader and a boss, and traditional leadership compared with 21st-century leadership skills were some of the key areas, which were discussed at length.

Teachers were also apprised about the various programs and modules designed especially for the students of class XI. Company program, Harmony, etc. were to name a few of the programs. Some interesting activities were shown during the session that could be easily conducted with the students in order to inculcate the values of a good leader. Besides the above, seventeen goals of SDG were also discussed and integrated well into the tGELF modules.

During the session, teachers extended a few positive suggestions in order to bring novelty to some of the modules. The tGELF committee very objectively welcomed suggestions.

Overall, it was a fruitful session that culminated on a positive and satisfactory note.
