

tGELF WORKSHOP

SKILLD Teacher Training - Class VI

THE GLOBAL EDUCATION & LEADERSHIP FOUNDATION (tGELF).

Leadership is the ability to seize opportunities and lead people and organizations to greatness.

A workshop on skilled teacher training was conducted for the teachers of class VI on 31st March 2022. It was an online workshop. The resource persons were Ms Shuchi Sharma and Mr Rahul Augustine.

The workshop focused on two different kinds of skilled construction such as the Leadership module and Creative thinking. The opening session ‘**Know your leaders**’ was aimed at introducing the concept of Leadership, its definition and the qualities one should possess to become an effective leader. The teachers gave examples of well-known leaders and also learnt about the strengths, values and decision making of a leader.

In the creative thinking session, the learning outcomes were: Defining the skills required as creative thinkers and learning the art of practising creative thinking. Teachers also watched a few videos to understand the skills required to be creative and also about the tools necessary creativity.

It was an enriching, informative and collaborative session. It not only helped the teachers delve into their inner strengths but also inspired them to achieve greater levels of achievement.
