

## tGELF Report- Class VIII

### THE GLOBAL EDUCATION and LEADERSHIP FOUNDATION (tGELF)

#### ‘LEADERSHIP IS ACTION NOT POSITION’

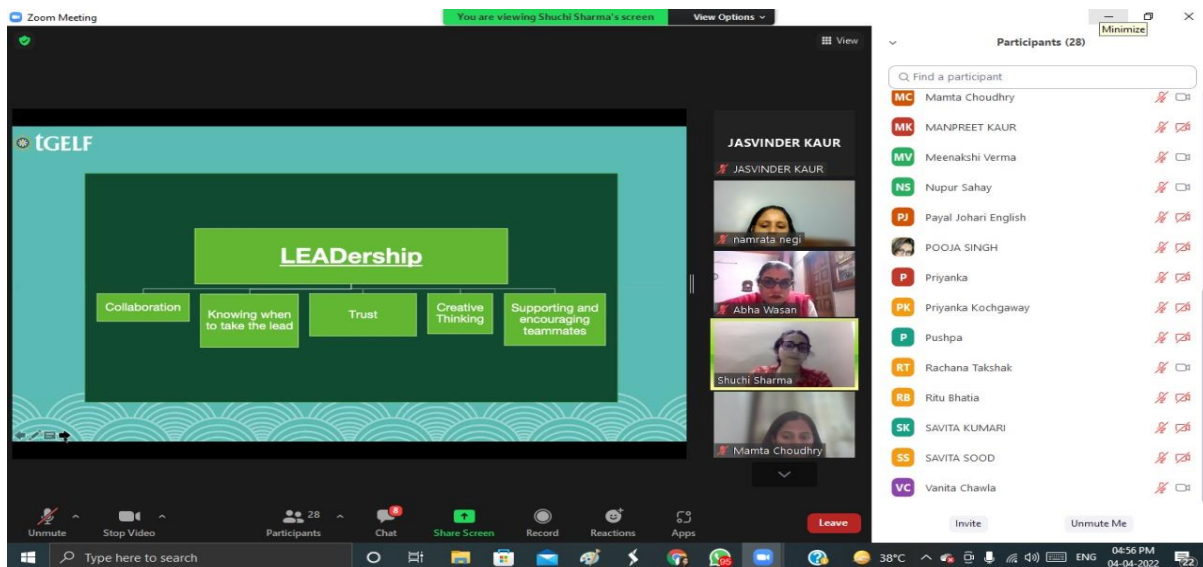

A workshop on skilled teacher training was conducted for the teachers of class VIII, on 4<sup>th</sup> April 2022. It was conducted online using Zoom as a platform. The resource people were Shuchi Sharma and Rahul Augustin.

The workshop had two modules – Leadership and Creative Thinking.

Module 1 focused on identifying different concepts of leadership, qualities and values that characterize leaders. Teachers gave examples of the well-known leaders and learnt about the four pillars of great leadership (LEAD). Teachers participated enthusiastically in the activities of identifying positive leadership.

Module 2 focused on creative thinking. While performing the roles of leadership, participants use creative thinking skills to think differently and come up with unique ways of finding a solution. Teachers watched videos to understand that it is important to break barriers and look for alternative, innovative ideas. Teachers also learnt about the ‘Scamper’ technique.

This was an enriching, informative and a collaborative session and motivated the teachers to trigger new ideas.
